

Staff Covenant

We, the pastoral and administrative staff of The Chapel on the Campus, rejoice that Christ has made us members of one another. We are members of one another in His Universal Church through the new birth and members of one another in this Local Church through His calling each of us to positions of leadership in this body of believers.

As a result of this privileged position, we commit ourselves to honoring Christ and serving as an example to this flock by earnestly endeavoring to love one another. We will seek God's grace which will enable our love to be evidenced in the way we think, the way we speak, and the way we act toward one another. In our thoughts we will esteem one another, in our words we will encourage one another, and in our actions we will serve one another.

Should we fall short of this aspiration, we commit ourselves to seeking forgiveness and reconciliation in a manner that honors our Lord.

To this end we pledge ourselves...
